## DOMINION ORDERS IN COUNCIL.

P.C. No. 548.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 14th day of April, 1926.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

**WHEREAS** the Government of the Province of British Columbia has applied, under the terms of an agreement between that Government and the Government of the Dominion, confirmed by the Order in Council of the 13th December, 1897 (P.C. 3662), for a grant of the undermentioned lands, lying within the "Atlanta" and "Horse Shoe" Mineral Claims, being Lots 134 and 266, Kootenay District, respectively, the said lands being:—

"Those certain parcels or tracts of land situate in Sections Eight, Nine, Sixteen, and Seventeen in the Twenty-third Township, in the Eighteenth Range, west of the 5th meridian, comprising the Atlanta Mineral Claim, being Lot 134, and the Horse Shoe Mineral Claim, being Lot 266, of the Golden Mining Division of Kootenay District, in the Province of British Columbia, which said parcels may be more particularly described as follows:—

"Firstly: Beginning at a standard post situated two thousand and ninety-three feet and one-tenth of a foot, more or less, north and two thousand and twenty-one feet and five-tenths of a foot, more or less, west from a standard post, pits and mound, erected on the 13th day of October, 1918, by N. C. Stewart, D.L.S., to mark the centre of the said Section Nine; thence on a bearing of sixty-four degrees and thirty-nine minutes a distance of five hundred and ninety-six feet and seven-tenths of a foot, more or less, to a standard post; thence on a bearing of three hundred and thirty-four degrees and fifty minutes a distance of one thousand five hundred and two feet and four-tenths of a foot, more or less, to a standard post; thence on a bearing of two hundred and forty-four degrees and eighteen minutes a distance of six hundred feet, more or less, to a standard post; thence on a bearing of one hundred and fifty-four degrees and forty-one minutes a distance of one thousand four hundred and ninety-eight feet and seven-tenths of a foot, more or less, to the point of commencement; the said parcel containing by admeasurement twenty acres and sixty-one hundredths of an acre, more or less;

"Secondly: Commencing at the most westerly standard post in the above-described parcel of land; thence on a bearing of three hundred and forty-five degrees and thirty minutes a distance of three hundred and forty feet and four-tenths of a foot, more or less, to a standard post; thence on a bearing of two hundred and fifty-five degrees and fifty-five minutes a distance of five hundred and ninety-nine feet and eight-tenths of a foot, more or less, to a standard post; thence on a bearing of one hundred and sixty-five degrees and forty-four minutes a distance of one thousand six hundred and seven feet and seven-tenths of a foot, more or less, to a standard post; thence on a bearing of forty-two degrees and forty-five minutes a distance of thirty-six feet and three-tenths of a foot, more or less, to a standard post; thence on a bearing of forty-two degrees and fifty-seven minutes a distance of six hundred feet and five-tenths of a foot, more or less, to a standard post; thence on a bearing of forty-two degrees and twelve minutes a distance of seventy-two feet and three-tenths of a foot, more or less, to a standard post cemented into rock; thence on a bearing of three hundred and forty-five degrees and fifty-seven minutes a distance of eight hundred and seventy-nine feet and eight-tenths of a foot, more or less, to the point of commencement; containing by admeasurement an area of nineteen acres and forty-six hundredths of an acre, more or less; all the said bearings being astronomical; all according to a plan of the said mineral claims approved and confirmed by E. Deville, Surveyor-General of Dominion Lands at Ottawa, on the tenth day of

February, 1919, and of record in the Department of the Interior under Number 27974":

And whereas in 1889 the Provincial Government issued Crown grants covering these claims, but on the definition of the boundary of the Railway Belt it was found that they were within the Belt:

And whereas clause 6 of the agreement above referred to provides that:—

"The title to any lands which upon the completion of the survey of the boundaries of the Belt or any portion thereof have been found to have been alienated by the Province under the belief that they were outside of the Belt, but which are ascertained by such survey to be within the boundaries of the Belt, shall be confirmed by the Dominion upon receipt from the Province of the purchase-money therefor, and the title to any lands which upon the completion of the survey of the boundaries of the Belt or of any portion thereof have been found to have been alienated by the Dominion under the belief that they were within the Belt, but which are ascertained by such survey to be outside the boundaries of the Belt, shall be confirmed by the Province upon receipt from the Dominion of the purchase-money therefor":

And whereas the Provincial Government states that in this case the lands were located and the Crown grants issued under the provisions of the "Mineral Act" of British Columbia in force at that date, and no consideration in the way of purchase-money was received for them:

And whereas the Minister of the Interior states that under clause 6 of the agreement above referred to the practice has been to issue a confirmatory grant to the patentee covering the surface rights only, and that in the present instance, however, it appears that since the date of the issue of the Crown grants the claims in question have reverted to the Province for non-payment of taxes:

Therefore, His Excellency the Governor-General in Council, on the recommendation of the Minister of the Interior, is pleased to order that the title to the lands herein described, containing a total of 40.07 acres, together with the mines and minerals, except coal, petroleum, and natural gas, underlying the said lands, shall be and it is hereby declared to be vested in His Majesty King George V. for the purposes of the Province of British Columbia.

(Signed) E. J. LEMAIRE,  
Clerk of the Privy Council.

To the Honourable  
The Minister of the Interior, 1170-ap29

Such notice shall be published in the British Columbia Gazette and in one daily

and one weekly newspaper freely circulating in all parts of the Province. When the proposed Private Bill is of a local nature, the notice shall be furthermore published in some newspaper in the electoral district affected, or if there be no newspaper therein, then in the nearest electoral district in which a newspaper is published. Such notice shall in all cases be continued for a period of six weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with copies of the notices published.* Such publication to be proved by affidavit or declaration to the satisfaction of the Clerk of the House. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House the sum of three hundred dollars. If a copy of the Bill, Petition, and notices shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session, or if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

77. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Rule 76, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

78. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills. Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

82. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each paper; the numbering of the lines is not to be run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private

Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By Rule 83, a model form of Railway Bill is adopted. A copy of same can be obtained upon application to the Clerk.

All Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

All such nursery stock or plants found by the Inspector to be infected with any pest shall, unless the same are forthwith reshipped and exported out of the Province in accordance with the directions of the Inspector, and by the most direct route, be forthwith wholly burned up and destroyed by the importer, consignee, or person in charge of such nursery stock or plants, or, in case of their default, by the Inspector.

(6.) Every package containing nursery stock or plants imported into the Province shall be plainly marked on the outside thereof with the name of the port through which it is intended that the same shall enter the Province.

(7.) All shipments of nursery stock or plants detained for inspection or inspected or fumigated in accordance with these Regulations shall be entirely at the risk of the owners or consignees thereof. Neither the Inspector nor the Government of the

Province shall assume any responsibility or be liable for any loss whatsoever in respect of any such nursery stock or plants.

#### IMPORTED FRUIT AND VEGETABLE PRODUCTS.

5. (1.) (a.) Fruit Quarantine Stations where fruit or vegetable products may be inspected are established at the following places: Abbotsford, Bridesville, Cascade, Cranbrook, Fernie, Grand Forks, Huntingdon, Kingsgate, Midway, Myncaster, Nanaimo, Newgate, New Westminster, Prince Rupert, Revelstoke, Rossland, Similkameen, Vancouver, Victoria, Waneta, and Osoyoos.

(b.) The Inspector of Imported Plant Products may establish such additional Fruit Quarantine Stations as may be found necessary from time to time.

(2.) Every person being the importer or consignee, or agent for the importer or consignee, of any shipment of fruit or vegetable products imported into the Province shall forthwith, upon the arrival in the Province of the shipment, notify an Inspector at the port of entry through which the same enters the Province, or at the nearest Fruit Quarantine Station established under these Regulations, of its arrival, and shall submit to such Inspector a certified invoice of such shipment stating where product was grown.

(3.) Every railway, steamship, or express company, or other common carrier, wharfinger, and warehouseman carrying or receiving any shipment of fruit or vegetable products imported into the Province shall forthwith notify an Inspector of the arrival of such shipment, and shall in no case use or deliver or cause to be delivered any such shipment or any part thereof without the written permission of an Inspector.

(4.) All fruit or vegetable products imported into the Province and all packages containing the same shall be inspected by an Inspector, and if found to be free from pests a certificate to that effect shall be issued by him.

(5.) No such fruit or vegetable products or package shall be removed from any dock, wharf, warehouse, mole, or station where such fruit or vegetable products have been landed without being first inspected and a certificate therefor obtained from an Inspector.

(6.) Every package containing fruit or vegetable products imported into the Province shall be plainly marked on the outside thereof with the name and variety of the contents thereof.

(7.) All such packages shall be opened and closed by the importers or consignees thereof, or their agents, as required by the Inspector; and such importers, consignees, or agents shall provide adequate warehouse or platform facilities for thorough inspection.

(8.) No package containing any such fruit or vegetable products shall be opened by any person except in the presence of an Inspector.

(9.) In case any such fruit or vegetable products or package are, in the opinion of the Inspector, found to be infested with any pest, the Inspector may direct:—

(a.) That the same shall be forthwith reshipped and exported from the Province by the most direct route;

(b.) That such fruit or vegetable products or package shall be destroyed by the importers or consignees thereof by such process and within such time as may be required by the Inspector.

(10.) Every package containing fruit or vegetable products found infected with any pest shall be marked by the Inspector with a distinct mark or brand at the time of inspection thereof. Any person who in any way defaces, obliterates, or removes any such mark or brand shall be guilty of an offence against these Regulations.

(11.) In case any fruit or vegetable products should develop or become infected with any pest subsequent to the inspection thereof, the same shall be subject to reinspection by the Inspector, and to be dealt with in like manner as provided in these Regulations in respect of the first inspection thereof.

(12.) In the event of such product as rice, corn, peas, beans, or any other stored products being in-

festated with any injurious pest, the Inspector may direct that the same shall be fumigated under his supervision. The same shall apply to any other vegetable products, subject to the discretion of the Inspector.

#### CONTROL OF PESTS WITHIN THE PROVINCE.

6. (1.) Every owner, lessee, occupier, or manager of any orchard, field, garden, or nursery wherein any vegetation is infected or infested with any pest, and every agent of any such owner or lessee, shall forthwith notify the Inspector that the same is so infected or infested.

(2.) Every such owner, lessee, occupier, manager, and agent shall cause all vegetation so infected or infested to be treated and dealt with in such manner as may from time to time be prescribed by the Inspector.

(3.) No such infected or infested vegetation shall be removed, sold, disturbed, or otherwise disposed of until the same has been dealt with to the satisfaction of the Inspector. Every person who violates the provisions of this subsection shall be guilty of an offence against these Regulations.

(4.) For the purpose of inspecting any vegetation or any package used to contain any fruit or vegetable products, or any premises suspected of being infected with or harbouring any pest, the Inspector shall have full power and authority to enter into and upon any premises; that is to say, any farm, orchard, nursery, garden, barn, warehouse, storehouse, shop, building, or other premises whatsoever.

(5.) In case the Inspector, upon inspection thereof, finds any such vegetation, package, or premises infected or infested with any pest, he may:—

(a.) By notice in writing order the owner, lessee, occupier, or person in charge of such property or premises to treat the property and premises in the manner and within the time prescribed in the notice; or

(b.) By notice in writing order the owner, lessee, occupier, or person in charge of such property or premises to forthwith effectively destroy by any available method any such vegetation or package whenever the Inspector deems such destruction necessary to prevent the continued existence or spreading of the pest.

After an order has been made under this subsection no person shall remove any such property from the premises without the written permission of the Inspector. Every person who violates any provision of this subsection or who, being required by any such order to perform any act under this subsection, refuses or neglects to fulfil and carry out the same in accordance with the terms of the order shall be guilty of an offence against these Regulations.

(6.) In case any order made under this section is not complied with and carried out within the time specified in the order, and if a copy of the same was at the time the order was made posted up in a conspicuous place on or near the premises whereon or in respect of which the order is intended to take effect, the Inspector may, by himself, his servants, agents, or workmen, enter into and upon such premises and carry such order into effect and fully execute the same by any available method, subject to the provisions of Part II., "Agricultural Act, 1915," chapter 2, section 1, and amendments thereto.

(7.) A duly authorized Inspector, upon the discovery of a dangerous pest or disease, and confirmation of the same by the Entomologist or Plant Pathologist respectively, may quarantine the suspected area in which such infection is located for such a time as will permit of adequate inspection being made, and shall report his action immediately to the Board; should such disease or pest be in a dormant or undeveloped stage when discovered so that proper inspection is not possible, the Board may cause such quarantine to remain in force until adequate inspection has been made.

(8.) Where an infected or infested area is under treatment for the eradication of a disease or pest, the Inspector in charge may establish a zone surrounding and contiguous to the area actually infected or infested, in which shall be carried out

such measures as the Inspector shall prescribe to prevent the spread of the said disease or pest beyond the area already infected or infested.

(9.) Fire-blight-infected trees shall be cleaned up during the dormant season by the proper cutting-out of all blight-cankers. This work shall be completed to the satisfaction of the Inspector on or before March 31st. Blight-infections occurring during the growing season shall be dealt with as the Inspector shall direct.

(10.) No person shall in anywise whatsoever hinder or obstruct the execution of any such order.

(11.) *Protection Spraying Zones.*—Upon receipt in writing by the Board of a request signed by 60 per cent. of the growers in any district, the Board may constitute a protection zone with the object of undertaking the control or prevention of any fruit pest. Upon such zone being established, all directions given or issued by the Inspector having charge within such zone shall be carried out by the growers operating within the zone, and any grower failing to carry out the directions of the Inspector shall be liable to the penalties provided for by the Act.

#### INSPECTION AND QUARANTINE.

7. All fruit or vegetable products, whether imported or grown in the Province, and whether in process of growth or gathered for intended use or sale, or for other disposal, or exposed for sale, shall be subject to inspection by the Inspector. The Inspector may quarantine any fruit or vegetable products which he finds in his opinion to be infected or infested with any pest. Every package containing quarantined fruit or vegetable products shall be marked with a distinctive mark or brand by the Inspector at the time of the inspection thereof. Any person who defaces, obliterates, or removes any such mark or brand, or who uses, removes, or disposes of any quarantined fruit or vegetable products, except in accordance with the consent in writing of the Inspector, shall be guilty of an offence against these Regulations.

#### LABELLING OF NURSERY STOCK OR PLANTS.

8. Every package of nursery stock or plants shipped or transported within the Province shall bear securely attached thereto a label stating the nature and quantity of the contents of the package, and the names of the shipper and the consignee of the nursery stock or plants, and the locality where the same were grown. Every person who ships or causes any package of nursery stock or plants to be shipped or transported in violation of the provisions of this section shall be guilty of an offence against these Regulations.

#### PENALTIES.

9. Every person guilty of an offence against these Regulations, or who violates or commits any breach thereof, or refuses, omits, or neglects to fulfil, observe, carry out, or perform any duty or obligation thereby created, prescribed, or imposed, shall be liable, upon summary conviction, to a penalty of not more than \$100.

10. On all inspections made under these Regulations fees shall be payable according to the following scale:—

(a.) The fees for the inspection of fruit-trees shall be as follows: On each consignment containing—

12 trees or under.....	\$0 50
Over 12 and not exceeding 25.....	1 00

Over 500, \$5 for the first 500 trees, and for every additional 500 trees or fraction thereof .....	2 00

(b.) For all other nursery stock or plants the fees for inspection shall be as follows: On each consignment of the value of—

(c.) The fees for the inspection of fruit or vegetable products shall be as follows:—

On apples, pears, and quinces, a fee of 50 cents for each lot of five boxes or under, for each lot of over five and not exceeding thirty-three boxes a fee of \$1, and for each lot exceeding thirty-three boxes a fee of 3 cents per box. On such fruit packed in barrels, a fee of \$1 for each lot of ten barrels or under, and for each lot exceeding ten barrels a fee of 10 cents per barrel:

On peaches, apricots, plums, cherries, oranges, lemons, limes, grapefruit, persimmons, pomegranates, tomatoes, peppers, and egg-plants, a fee of 50 cents for each lot of ten boxes or under, for each lot of over ten and not exceeding sixty-six boxes a fee of \$1, and for each lot exceeding sixty-six boxes a fee of 1½ cents per box:

On all other fruits or vegetable products not included in the classes specifically mentioned in this section, a fee proportionate to the fees provided for the class most nearly related, the same to be fixed and determined by the Inspector:

(d.) In the event of any person or firm receiving in one shipment a mixed variety of products mentioned in subsection (c) the whole may be included in one minimum fee of 50 cents or \$1, providing they do not exceed in proportion the quantity to which the minimum fees are limited. For example, one box apples, four boxes peaches, one sack potatoes, would about equal five boxes apples, which the 50-cent fee would cover. Should the shipments exceed the quantity to which the \$1 fee is limited, the charge must be made on the basis of the rate per package or ton as specified for the larger consignments. Small quantities of potatoes may be reckoned in at 5 cents per 100 lb.

#### FUMIGATION.

11. (1.) Over 2½ tons to 20 tons.....	1 00 per ton.
For every ton exceeding 20 tons .....	75 per ton.

(2.) The Government assumes no responsibility for loss or injury occasioned by the process of fumigation.
